Skills

Designing Tools:	Adobe XD, Figma
Frontend Development:	HTML, CSS, Boot Strap JavaScript, React JS, .NET
Backend Development:	PHP, Spring
Programming Language:	Java, Python
Soft Skills:	Communication, Leadership, Time Management

Experience

Ceylon Petroleum Storage Terminals Ltd | *HTML, CSS, Boot Strap JavaScript, PHP, React JS*
Software Development Intern **|** September 2023 - Present, Kolonnawa, SL

Leave Management System

- *Brief Overview*: Lets users ask for time off with a form, making it quick. Leaders, managers, and the chairman can approve. Users can also get reports on leave requests and see their past leave history.
- *Technologies Used*: HTML, Boot Strap, PHP & MySQL

Payroll System

- *Brief Overview*: In this project, I contributed to creating interfaces for managing payroll, covering employee wages, salaries, and bonuses. These interfaces streamline tasks such as calculating earnings, deducting taxes, and issuing payments regularly, whether weekly, bi-weekly, or monthly.
- *Technologies Used*: React JS

Education

Vavuniya Campus of University Of Jaffna | *Faculty of Technological* **|** *February 2024*
Bachelors Information & Communication Technology **|** Vavuniya, SL

Course Works

- **Web Development Fundamentals**
  Explored HTML, CSS, and JavaScript fundamentals. Developed static and dynamic web pages using industry best practices.

- **Software Engineering Principles**
  Covered software development lifecycle, agile methodologies, and version control systems. Collaborated in a team to develop and deploy a web-based project using Git for version control.

- **Database Management Systems**
  Studied relational database concepts, SQL query language, and database design principles. Designed and implemented a database for a web application project.

Interested

- Frontend Development   • UI/UX Engineer   • Web Development
